## **Greetings from the Green Hub Western Himalayas!**

We are delighted to announce the **Call for Applications** for the very 1st edition of the **Green Hub - Royal Enfield Responsible Tourism Fellowship 2025** for the **Western Himalayas**.

### **About Responsible Tourism Fellowship**

The Green Hub - Royal Enfield Responsible Tourism Fellowship was initiated in 2022, with the vision of supporting responsible travel in Northeast India. Supported by Royal Enfield as a part of its social mission to work holistically towards the protection, regeneration, and resilience of ecosystems in the iconic Himalayan landscape, and engage with communities to build resilience and adapt to the climatic and socio-economic changes that are taking place. This fellowship enables community youth to engage with their natural and cultural heritage and build on sustainable opportunities and livelihoods through responsible tourism in the region.

The 6-month fellowship includes training sessions and exposure trips under the guidance of livelihood and responsible tourism experts, who mentor the fellows in creating action plans for possible Responsible Tourism destinations. Supported by Royal Enfield, the program aims to build both socioeconomic well-being and ecological security through youth and community ownership at the local level.

16 youth from across the 4 Himalayan states Uttarakhand, Himachal Pradesh, Ladakh, and Jammu & Kashmir will be selected for the fellowship, which will begin in 1st week of March, 2025.

### **How to Apply:**

To apply for the fellowship, please follow the links below based on your preferred language:
